

GIS TRAINING CALL 2019

Africa Population Institute Uganda in Conjunction with the Center for Earth Systems Research and Sustainability, Institute of Geography, University of Hamburg Germany and IGU Commission on Biogeography and Bio-Diversity Organize a One Week Intensive training in Geographical Information Systems(GIS) From **Monday the 28th January to Friday 1st February 2019**

Resource Persons

Dr. Jan A. Wehberg;
Centre for Earth System Research
and Sustainability, Institute of Geography,
University of Hamburg - Germany

Prof. Dr. Suraj Mal;
International Geographical Union(IGU)
Commission Biogeography and Biodiversity

Public Lecture given by
Prof. Udo Schickhoff
Institute of Geography,
University of Hamburg Germany.

The Presentation title
*"Mountain forests and mountain biodiversity in
a changing world", this presentation will be
considered as a precursor for the big IGU
conference (in July 2019).*

The goal of the training is to equip you with the relevancy and practical applicability of GIS in management of problems in such fields as health, agriculture, urban planning, education and environment conservation.

■ GIS training objectives:

- To equip participants with hands-on experience on mapping and digital data collection, computerization and dissemination.
- To provide the state-of-the-art knowledge in Geographical Information systems as problem solving tool.
- To familiarize the participants with the usage of application in management using GIS software at various levels.
- To equip the researchers with the desired skills to handle interpret complex data collected by the GIS application for effective decision making

■ Program Fee

The Fee is only \$200 USD equivalent to Uganda Shillings 750,000/= including , the program software, training materials, break teas/ refreshments and working lunch during the 5 program days.

Participants are advised to pay through Africa Population institute bank accounts 10183656042831 (for UGX), 02083656042965 (for USD) held at DFCU bank Makerere Branch. The Swift Code being is DFCUUGKA

■ How To Apply

Interested candidates should register online latest by January 25th January,2019. You will be informed through Email and or Telephone about your participation acceptance. Once you receive participation acceptance, you will make payment within the specified time frame through the Bank.

Online Registration <http://www.africapopulation.net/gisregistration2019>

Convener

Dr. Rumanzi Benita
Principal Africa Population Institute
Email: info@africapopulation.net
Tel: +256772-836998

Advisory Committee

Prof. Buyinza Mukadasi
Directorate of Graduate Training and Research,
School of Post Graduate,
Makerere University

Prof. Yazidhi Bamutaze
Head of Geography Department
Makerere University

Dr. Lydia Mazzi Kayondo
Head, GIS Centre, CEDAT
Makerere University

Dr. Joab Agaba
College of Computing and Information Sciences
Makerere University

Dr. John Mushomi Atwebembeire
Department of Population Studies
Makerere University

Dr. Bruce Rukundo,
Senior Environmental Management specialist,
Kampala Capital City Authority (KCCA)

Pedagogy

Lecture discussions accompanied with hands-on sessions, Case Analysis and Individual Exercises by sharing experiences and most significant change stories

Who can Attend

Members of universities and other institutions of higher learning. Research scholars from various organizations including government ministries and the civil society. The program will be useful for discipline of Health, Agriculture, Environmental and nature conservation, Educations, Urban planning and Humanities.

Participation

The number of seats available for this GIS training is limited. API reserves the right in the selection of the participant(s) allotted on the first-come-first serve basis

Important Communication

- Certificates will be awarded only after successful completion of the GIS training.
- Participants are advised to bring in their personal laptops for GIS software installation and hands-on session
